### Testimonial to Kristi

How often do visitors to your website comment on how really nice it is? Even better, how often does a guest say, "Everything looks just like the pictures on the website!" These are remarks that we hear over and over again. Every bedroom, living area, garden, breakfast, etc. was skillfully photographed from every angle by Kristi -- creating an almost virtual reality tour of the inn for potential guests.

I first met Kristi in 2004 when I needed to find someone to create a professional brochure and web site for my Bed and Breakfast. A friend working at the York Chamber suggested I call Kristi Borst. Five years later, it's hard for me to remember a time when Kristi wasn't in my life; she handles all my PR material -- Chamber ads, web design, holiday cards, brochure, postcards, etc.

The nicest part of working with Kristi is that I feel the finished product is a collaborative effort, reflecting my personality and the message I want to convey to my guests. Kristi is a professional in every sense of the word -- creative, trustworthy, punctual, and I can trust her judgment implicitly.
